Report of Superintendent

To the Superintending School Committee and the Citizens of the Dummer School District.

FOREWORD

In making this report I would like to depart from a practice which has been used for several years. I shall quote two brief paragraphs and give the author and date of each article. It has seemed to me that some times we of this generation are unwilling to admit that things have changed. We are inclined to remember the "good old days." I hope that as you read the following paragraphs you will ponder the contents and especially note the date when each was written.

"It seems to me that the cardinal defect of modern education systems is that they demand too much from their victims; they bind down the weary brain to the study of half a dozen ISMS and a score of OLOGIES, until a smattering is obtained of many branches of knowledge, but a profound acquaintance with none. Now-a-days we produce few scholars, but a host of elaborate little dunces!" This was written by H. W. Davenport Adams sometime prior to 1886.

"New materials and new inventions have now transformed our society into its final phase, for scientific inventions can take us only a little further" is the statement attributed by the U. S. Commissioner of the Interior in 1875.

To live solely in the past is a great mistake. The changes that are going on around us call for an alert state of mind and flexible policies whether it be in the school of life or the life of school.

TEACHERS

Bessie Stiles was employed to replace Madeline Lary at the West Dummer School. Florence Hamlin replaced Gwendolyn Jones at the Willis School. Both are well known locally and have had considerable previous teaching experience.

ENROLLMENT AND ATTENDANCE

There are, at this writing, 32 enrolled at the two schools. Of these, 14 are at West Dummer and 18 are at the Willis. The total enrollment is four larger than last year.

The percentage of attendance at the Willis School was 97.18. The West Dummer School was slightly lower with 96.33. There were but four cases of tardinesses in the two schools during the past year. This is a most commendable record.

BUILDINGS AND EQUIPMENT

The two school houses are for the most part in good condition. The largest single improvement during the past year was the redecoration of the basement at the Willis School. The usual thorough summer cleaning, repairs and improvements were made. In the textbook field, new arithmetic books and new basal reading books were purchased for both schools.

SCHOOL YEAR, 180 DAYS.

DEBT

The school debt has been entirely liquidated. I am sure that we are glad that the school district has no outstanding obligations.

TUITION

With the opening of school in September we had 13 pupils attending school outside the district. Of these 12 were at Berlin High and 1 at Gould Academy. There are four seniors and so with three in grade 8 we expect the number of tuition pupils will remain approximately the same for 1953-54. The high school tuition rate for 1952-53 is \$225.00 per pupil.

TRANSPORTATION

We have a fairly heavy transportation load for a small town. Donald Hodgdon is transporting high school pupils to Berlin as well as the elementary group from the Pontook area to West Dummer. Fred Bradford is the transporter at the Willis School. Mary Gallant transports from the Paris Manufacturing Company to the West Dummer School.

NOTES ON THE BUDGET

The school board's total budget for 1953-54 is \$15,145.00 as compared to \$15,610.00 for 1952-53. The total budget is \$465.00 less than the one for last year.

The amount raised by taxation for 1952-53 was \$13,910.00 since the total appropriation was reduced by \$300.00 as an estimate receipt from the school lunch program and \$1,400.00 from the June 30, 1952 balance.

The total appropriation for 1953-54 will be reduced by \$300.00 estimated receipts from Federal Funds for the lunch program and by any amounts which may be received from State Aid or by way of balance on June 30, 1953.

CONCLUSION

It is gratifying to note the regard that individual citizens and local organizations have for their schools. Your interest in the well being of the entire school system, your support and your cooperation are most cheering.

I take this opportunity to again express my appreciation to the members of the School Board, parents, teachers and friends for the interest and support they have given to the schools during the past year.

Respectfully submitted,

ALBERT P. KNIGHTLY,
Superintendent of Schools.
